AN EX-CABINET OFFICER

Opened Final Argument for the Government in the Greatest Corporation Case Ever Before Any Court for Adjudication.

(Associated Press Telegram)  
Philadelphia, Oct. 29.—The final argument in the greatest corporation case ever considered by any court, opened with Jacob M. Dickinson, former secretary of war, and special assistant to the attorney general, contending his address urging that the United States Steel corporation should be disintegrated because it is violating the anti-trust laws. Mr. Dickinson's argument was largely in rebuttal of what the six corporation lawyers who preceded him had said in defense of the steel corporation and its subsidiaries.

Mr. Dickinson said the steel corporation had the power to crush out all competitors if it so desired, but it realized that if it pursued such a policy it would be swiftly crushed by the government. But, he said, it adopted a different scheme. It entered into pools, agreements and combinations with its competitors by means of which prices were kept up and larger returns were received on its enormous watered capital. It was the most astute and most comprehensive policy that has ever characterized any business movement in the history of the world.

After rumors of possible prosecution got abroad, after congressional and governmental investigations were started, Mr. Dickinson declared, the steel corporation changed its methods to reach the same ends.

**STEEL'S PRESIDENT ADMITS DEPRESSION, BUT IS OPTIMISTIC**

(Associated Press Telegram)  
Birmingham, Ala., Oct. 29.—If the European war is maintained with its present violence for eighteen months the loss of life will be 4,000,000, and the property loss \$35,000,000, E. H. Gary, president of the American Steel and Iron Institute said to-

day, in addressing the annual meeting of that organization.

Mr. Gary admitted the present depressed state of the steel trade, but was optimistic of the future.

"Without particularizing it would seem safe to predict that in many important respects business conditions in the United States for the next three months at least will be better than they have been for the last three months," he declared. "I do not hesitate to say, with emphasis, that the opportunity for success and progress in this country is greater than ever before."

About 300 representatives of the leading iron and steel concerns of the country attended the opening session here today.

The feature of today's session was the address by Mr. Gary.

Papers and addresses chiefly of a technical nature, dealing with various problems and interests of the industry also were on today's program. The annual dinner will be held tonight. Friday and Saturday will be devoted to inspection trips through the various mines and iron and steel plants in the Birmingham district.

BELIEF AT WASHINGTON THAT THE CONVENTION IS STILL IN DISCUSSION

Over His Resignation—Reinforcements Expected for Governor Magtorena at Nogales.

(Associated Press Telegram)  
Washington, Oct. 29.—For three days the state department has had no advice from its agents at Aguas Calientes, where the Mexican national convention is discussing General Carranza's resignation as first chief.

Officials believed today that the deliberations have continued without result and that no report will be received until some conclusion is reached.

Reports from Mexico City that the delegates favor the plan of Ayala as a basis of agrarian reform, rather than the plan of Guadalupe, were in line with previous indications that the Zapata-Villa coalition was in complete control of the convention, as the first of the two plans was adopted by the Zapata chieftains more than a year ago.

IN WEIGHT ALLEGED TO BE GIVEN BY COAL DEALERS ALL OVER OHIO.

(Associated Press Telegram)  
Columbus, O., Oct. 29.—Persons who think their coal-bins are not as full as they should be after having their winter fuel delivered, are asked to write to Fred C. Albrecht, state sealer of weights and measures. In a statement issued by Mr. Albrecht today, he urges that similar complaint be made to the county sealer.

This action was taken following receipt of scores of letters from citizens in all parts of the state during the past week, complaining against what appears to be short weight, and the announcement made by Sealer Albrecht that his department would start a campaign against coal dealers who give less than 2000 pounds to a ton.

Complainants are urged to give the name of the dealer whom they suspect of giving short weight, and to state the reasons for their suspicions. Those who have no definite basis for complaint should not waste time writing letters, however, the statement says.

Sealer Albrecht promised to communicate the substance of each complaint to county sealers and to see that these officials make an investigation. Excess clerks will be employed by the state sealer's department to aid in the investigations.

### Independent Telephones' Wonderful Growth In Ohio. Shown Today at Convention

(Associated Press Telegram)  
Columbus, O., Oct. 29.—More than 600 delegates and visitors are in Columbus to attend the annual state convention of the Ohio Independent Telephone Association, which convened today. Interest in the convention this year has reached the highest point, due to the impetus given the independents by the consolidation of the independents into the Ohio State Telephone company, of which Samuel G. McMeen, president of the Columbus Railway, Power and Light company, is president.

The formal program of the convention was opened when Mayor George J. Karb formally welcomed the delegates to Columbus. The response to the address of welcome was made by W. P. Bozardus, of Mt. Vernon. Frank L. Beam, also of Mt. Vernon, president of the association, followed with his address, which mainly touched on the history of the telephone business, and a review of the independent telephone business, which had its inception in Ohio in 1894.

According to the address of Pres-

ident Beam, the development of the independent telephones in Ohio was phenomenal for a period of fifteen years after the first exchange was installed in 1894. Up to 1894 the Bell telephones, which held the undisputed field for sixteen years prior to that time, had but 30,000 telephones in Ohio, and but 300,000 in the entire country. In 1909, the total in Ohio, Bell and independent, was about 500,000. The Bell companies now operate 242,364 telephones in Ohio, and independents have 400,287—a total of 642,651. It is estimated that there are 10,000,000 telephones in the United States at the present time.

President Beam declared government ownership of the telephones would result in unsatisfactory service. He declared that all indications pointed to a revival of interest in the independents such as dominated them between the years of 1894 and 1909. Extension of long-distance facilities, he declared, made the merger into the Ohio State Telephone company imperative. The independents of Ohio, he asserted, comprised over 35,000 stockholders with investments totaling between \$40,000,000 and \$50,000,000.

M. Turpin, Said to Have Invented Deadly Gas Which Smothers Germans On the Field

One of the remarkable tales of the great war has been that from France, that a deadly gas was being used by the French artillery to suffocate whole regiments of Germans.

Few persons have believed it, but nevertheless the story has come that M. Turpin, the well-known inventor, whom France once sent to jail, had compounded this peculiar powder which exploded into deadly gas.

## Prospect Bright For Early Settlement of Natural Gas Question

(Special to The Advocate)  
Columbus, Oct. 29.—The Newark Natural Gas case was placed before the Public Utilities Commission of Ohio this afternoon. A hearing will be held for some time within the next fifteen days at which time it is confidently believed, the question of Newark's natural gas supply for the season will be definitely determined.

A conference has been in progress all day in the attorney general's office between first assistant attorney general Joseph McGhee, other lawyers of the office and Prosecutor J. Howard Jones, Solicitor Ralph Norpell and Hon. Edward Kibler of Newark. Every phase of the gas situation was carefully gone over and the state officials were fully advised of the court's ruling in the rate case and the status of the entire gas situation. At the conclusion of the conference, a complaint signed by Robert W. Smith, president of the Newark Board of Trade, Wm. M. Morgan of Jones & Morgan and Ed. Street of the Wehrle factory at Newark, was filed with the Public Utilities Commission. This complaint recites the facts in the situation and the commission is asked to provide an adequate supply of gas for Newark consumers. The complaint sets up all the facts contained in the suits filed at Newark and alleges that the gas company has for two years failed to supply an adequate supply of gas to Newark consumers.

Prosecutor Jones, who was interviewed by the Advocate representative this afternoon, just after the complaint was put on file, expressed the utmost confidence in the outcome. Mr. Jones complicated Mr. McGhee, Democratic candidate for attorney general, for the interest he has taken in the matter and said that the action taken today will, in his opinion, solve the troublesome situation at Newark. He pointed out the fact that the commission has the authority to direct the gas company to provide enough gas for the city if the facts to be presented at the coming hearing justify such action upon the part of the commissioners.

AMERICANS RAISE \$55,000 TO HELP BELGIAN REFUGEES

(Associated Press Telegram)  
Washington, Oct. 29.—The Belgian relief fund has reached \$55,000 according to an announcement made today by the Belgian minister, Mr. Havenith. Two donations of \$10,000 have been secured within the last 10 days through the efforts of Lars Anderson, former minister to Belgium and head of the Boston committee.

For Fourteen Days This Awful Struggle Has Been Going On Over an Area Not Greater Than a Good Sized Farm In Iowa and the Field Must be Littered With The Slain of Both Armies

## NEITHER SIDE IS ABLE TO SCORE FINAL VERDICT

Russians In Poland Evidently Adopting a Policy of Bringing Up Fresh Regiments From the Rear and Allowing Those In the Trenches to Retire and Rest, Which Accounts for Their Advance, and Retreat of the Austrians and Germans—Nearly All Russian Soldiers Are Now Veterans By These Operations.

(Associated Press Telegram)  
London, Oct. 29.—The onslaughts of the armies battling for mastery in the Belgian marsh lands still lack the force necessary to score a victory. Neither side has yet accomplished its purpose. The Germans have not reached the French coast, nor have the allies frustrated their determination to attain this goal. Nevertheless such scraps of reliable information as reach London are taken by British observers to indicate that the advantage at this stage rests with the allied troops.

The German ascent to this is, of course, only negative in character and takes the shape of a confession of failure to achieve their object to break through the defense of their opponents. That the reported lull in the fighting in this region is only momentary is taken for granted, but up to the present time no news of a renewal of the German offensive has come to hand. Both sides seem to be endeavoring to line up a fresh and accounts from all sources agree that the Germans are only waiting additional troops to resume the bold thrust which insufficiency of forces thus far has prevented them from carrying through.

Meanwhile the allied commanders, both individually and collectively, are informing their world-wide audience that their forces are always taking a little more the offensive, and they intimate that it won't be long before they substitute an attack on the German position in Belgium for the German attack on the allied positions in the north of France. If this occurs, there will recommence then a series of battles for the German entrenchments which gridiron Belgium along its southern boundary to the Luxembourg frontier.

From Madrid comes an unconfirmed story of the explosion of one of the German howitzers, which possibly explains the extremely violent conclusion which was supposed at the time to indicate the blowing up of the pier at Zeebrugge. According to the Madrid account this gun was being used on the German right wing, was overcharged and exploded. The concussion killed all the gun-

ners in the vicinity, some 250 men, besides killing and wounding a number of men at a considerable distance.

The German retirement from Poland and the resumption of the offensive by Russia all along the eastern battle front is generally ascribed in London to the efforts of the reserves brought up by the Russian commanders.

Instead of two completely exhausted armies facing each other along the Vistula, as has happened frequently, on the banks of the Alamo, the Russians make daily changes, bringing regiments from the rear and thus allowing the fighters in the trenches to retire and rest.

This operation is said to be repeated so often that virtually every Russian soldier within striking distance of the invaders is now a veteran. While this German retirement may not be the route pictured in Petrograd, it is nevertheless held here to be true that the retreat has progressed so far that Warsaw is today free of the menace of investment and with the pressure on their center relieved the Russians are now devoting more attention to the campaign in Galicia.

Petrograd reports that the garrison of Przemyśl is defending this fortress with extraordinary obstinacy. The forts are well armed and tens of thousands of workmen are employed in strengthening the fortifications. In anticipation of an investment the supplies of ammunition are large. Weakness of the fortress is reported because of the scarcity of provisions. Enormous quantities had been collected by the Austrians in outlying villages, but the unexpected speedy advance of the Russians resulted in the seizure of these supplies.

The fourteenth day of the battle of West Flanders, which is being fought over an area hardly greater than a good sized farm in the state of Iowa, found the allies holding their ground to the west of the Yser and the Germans apparently bringing up more reinforcements to repeat their furious attempts to break through and reach the coast of Flanders.

While operations in Flanders have been discouraging still the allies on the center and in the north have, according to the official communications, not only resisted the Germans but have made slight gains.

There was a resumption today of hostilities in the operations in the Woerwaere district, at least in the vicinity of St. Michael where the French offensive is said to have met with fresh success.

## Pause In Germans' Furious Attacks, Is to Give More Time To Await For Reinforcements

(Associated Press Telegram)  
Paris, Oct. 29.—The pause in the German attacks on the left wing of the allies, where the Germans have fought furiously in their efforts to march on the French ports of Dunkirk and Calais is considered here to be only momentary.

Reliable reports are to the effect that heavy reinforcements are on their way and that when the German lines are strengthened by these forces, said to aggregate more than 200,000 men, the fighting will go on with renewed fierceness. The reinforcements, it is declared, may have been drawn from all the other battle lines, both in the east and west, in pursuance of the order of Emperor William that the

Important to All Women  
Readers of This Paper

Thousands upon thousands of women have kidney or bladder trouble and never suspect it.

Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease.

If the kidneys are not in a healthy condition they may cause the other organs to become diseased.

You may suffer a great deal with pain in the back, bearing-down feelings, headache and loss of ambition.

Poor health makes you nervous, irritable and may be despondent; it makes any one so.

But hundreds of women claim that Dr. Kilmer's Swamp-Root, by restoring health to the kidneys, proved to be just the remedy needed to overcome such conditions.

A good kidney medicine, possessing real healing and curative value, should be a blessing to thousands of nervous, over-worked women.

Many send for a sample bottle to see what Swamp-Root, the great Kidney, Liver and Bladder Remedy will do for them. Every reader of this paper, who has not already tried it, by enclosing ten cents to Dr. Kilmer & Co., Binghamton, N. Y., may receive sample size bottle by Parcel Post. You can purchase the regular fifty-cent and one-dollar size bottles at all drug stores.

DROPPED

PROSECUTION IN TWO CASES  
WHICH HAD RATHER INTERESTING PHASES

Young Man Was Arrested for Stealing a Ring—Another Took Girl's Pictures

Photographs which disappeared from the mail a year ago before reaching the address in this city, were recovered Tuesday in an unusual manner according to a complaint filed with the police department.

The complaint resulted in the arrest of a young man who was later released, when the affidavit against him was withdrawn.

Mrs. Clara Francis, who lives at the Sherwood hotel, made the complaint and a former employee of the hotel was held pending the investigation.

The pictures of Mrs. Francis' granddaughter had been mailed to Mrs. Francis from New York and were apparently placed in the hotel's mail box at the post office.

The young man whose duty it was to get this mail, was charged with taking the package from the other mail matter.

Mrs. Francis' granddaughter, while playing with a girl companion, was told of the pictures of the child and the investigation which followed, identified the pictures as those which never arrived.

The pictures were returned and the prosecution was dropped.

DIAMOND RETURNED  
AFTER EXPLANATION.

A diamond ring caused considerable fun among the employees of a local business house for a while but the comedy was quickly turned into a tragedy when a police officer served a warrant on a young man employed as a deliveryman, charging him with the theft of the ring which was valued at \$115.

A West Newark woman charged the young man with the theft of the ring. She told the police that she placed the ring on a window sill in her kitchen while she was making bread, and that it was stolen while the young man was making a delivery.

When the young man's story was learned, it developed that he picked up the ring in the yard where it had fallen from the window. He exhibited it on his return to the store, and the various employees took turns in flashing the stone from their fingers all believing that it was merely an imitation.

The seriousness of the situation did not develop until the charge of theft was made. The ring was quickly returned, explanations made and the prosecution of the case was dropped.

FIRST REST

THAT PRESIDENT WILSON HAS  
YET ENJOYED IS NOW BEING  
TAKEN BY HIM.

Cabinet Meetings Have Been Postponed, While Executive Golf, Automobiles and Reads.

(ASSOCIATED PRESS TELEGRAM)

Washington, Oct. 29.—President Wilson is enjoying now practically the first rest he has had since entering the white house. Cabinet meetings have been postponed, the semi-weekly conferences with the Washington correspondents have been called off until after election, and the president is seeing only one or two callers a day. Mr. Wilson spends most of his time golfing, automobileing and reading in his study.

The president is keeping in close touch with the business, European and Mexican situation, and seeking to solve the Colorado strike troubles. He personally wrote his Thanksgiving Day proclamation, issued yesterday, whereas such documents usually have been prepared at the state department.

PRESIDENT ASKS IF HE HAS  
POWER TO CLOSE MINES

(ASSOCIATED PRESS TELEGRAM)

Washington, Oct. 29.—President Wilson is seriously considering whether he has authority to close the Colorado coal mines involved in the strike, if the operators continue to refuse the plan of settlement already accepted by the miners.

Attorney General Gregory conferred with the president today and it was understood Mr. Wilson had asked him for a legal opinion on his right to close the mines, if public necessity in his opinion required that step.

After seeing the president, Mr. Gregory refused to discuss the question.

GERMAN LACK

(Continued from page 1.)

France. All despatches seem to agree that there was a temporary lull yesterday in the fighting between Nieuport and Ypres, but the reports are far from unanimous as to whether this was due to an armistice to bury the dead and remove the wounded, which must thickly cover the field, or whether it was caused by the exhaustion of the contending forces, or the German lack of ammunition.

The London press hazards all three guesses and contends at any rate that the position of the allies is satisfactory. The public is warned however, that the struggle in this quarter is not yet over, for the Germans, if they find the northern route to Dunkirk and Calais impassable, may shift to the south with Boulogne as an objective.

It was at Boulogne that Napoleon waited in vain for his troops to embark for England, and the taking of this city would stir the German people as nothing else could.

Berlin claims that there has been no recent progress in the struggle in Flanders and, as if explaining this, says sixteen British warships are operating on the coast. This number never has been confirmed from British sources, but a despatch from Dover reports that a battleship equipped with twelve inch guns has gone to the assistance of the British monitors which have been shelling the Germans on shore. Other reports speak of heavy firing in the North Sea as if a big naval engagement had taken place, but the admiralty here is silent. Taken as a whole the English interpretation of the news this morning was cheerful.

From South Africa came a statement that General Botha had inflicted sharp defeat upon General Beyers, the latest recruit to the revolutionary movement in the union of South Africa.

In the eastern arena of Europe, the Russians appear to have driven in the German right wing, as a fortnight ago they shattered the left before Warsaw. In confirmation of this is the German official admission that their troops together with the Austrians had retreated in Poland.

Beginning today the British court goes into mourning for three weeks for Prince Maurice of Battenberg, the first member of the Royal family to be sacrificed in the war. The

prince was a cousin of King George and a son of Prince Henry of Battenberg. He held a commission in the King's royal rifle corps and died of wounds received in battle. Royal condolences already have been sent to his sister, the queen of Spain who but a few days ago gave birth to a son. The London papers today devote considerable space to the death of Prince Maurice, saying that although a mere boy he was a gallant sportsman.

There are recurring reports that the Germans are constructing sheds on the Belgian coast for the housing of Zeppelin airships. A local newspaper is offering free insurance against Zeppelins to its subscribers. There is no official confirmation of the reported German invasion of Portuguese West Africa.

Holland is still on edge as regards a possible position of her neutrality. The first boatload of food for Belgium under American supervision left London today.

DELIGHTFUL

CONCERT GIVEN IN GRANVILLE  
LAST NIGHT BY MISS  
BROOKS, CONTRALTO

Halloween Party Ushers in Season of Festivities—Women's Club Meeting—News Notes.

(Special to The Advocate)

Granville, O., Oct. 29.—A large and appreciative audience greeted Miss Grace Jeanette Brooks last evening in Recital Hall in the first song recital she has given before the Granville public. In the fifteen numbers presented, there was a pleasing diversity of style and the audience showed its appreciation by two encores. Miss Brooks' German diction is unusually good, due to her long stay in Vienna, and her voice shows the results of careful training. This training has developed a wonderful range, with accurate placing throughout. Her lowest tones were full of warmth and her highest tones by no means colorless. The group of English songs was especially pleasing and showed to advantage her gift of interpretation. The Coloratura all from Donizetti's "La Favorita" taxes the range of the ordinary contralto to the utmost. The flexible runs and embellishments demand an exceedingly facile tone and Miss Brooks reached the climax of her program in this number. The lightness of timbre shown in a number such as the "Fairy Pipers" by Brewer, is also exceptional in a contralto, for low voices are apt to be too heavy for such numbers. Miss Brooks' interpretation left nothing to be desired as was attested by the delighted applause of her hearers. She is a woman of pleasing presence and charming personality and her acknowledgment of her floral tributes was both graceful and gracious. She was accompanied by Miss Fannie J. Ferrar in the usual faultless style of that popular pianist. Below is the program as rendered:

Haiden-Roslein ..... Schubert  
Im Herbst ..... Franz  
Song of My Love ..... Guy d'Hardelot  
Prelude (A Cycle of Life) ..... Donizetti

Ashes of Roses ..... Mary Knight Wood  
The Leaves and the Wind ..... Franco Leon  
Fairy Pipers ..... A. H. Brewer

Miss Mabel Siegle somewhat anticipated Halloween in the delightful party she gave last evening at the home of her parents, Mr. and Mrs. Fred Siegle of Broadway, in honor of the senior class of the Granville High school of which she is a member. The house was beautifully decorated in the most approved Halloween fashion, and Miss Siegle proved herself a most charming hostess. The time-honored customs were observed by the company and delicious refreshments were served by Mrs. Siegle herself.

Mrs. E. P. Cook led the devotional exercises at the meeting of the Granville Woman's club yesterday afternoon from half past two to half past three o'clock in which much interest was manifested. At 3:30 the president, Mrs. M. E. Stickney, took the chair and during the session which followed completed arrangements for all business developing upon the women from now until election day. There will be a prayer meeting at half past two o'clock on Friday, and an all day prayer meeting for men and women, boys and girls, Tuesday, November 3 from 5:30 a. m. to 5:30 p. m., conducted in half hour sessions under different leaders in the Baptist church. In the Presbyterian church, beginning at 5:30 a. m., the women will serve free coffee and doughnuts to all voters, to which men from the country and men from the town will be equally welcome, until the polls close. This hospitable feature of the day will be under the direction of Mrs. J. D. Thompson, Mrs. A. K. Follett, Mrs. J. M. Swartz and Mrs. Ford M. McCollum, assisted by a competent committee of their own choosing.

The Methodist church women will serve one of their famous chicken suppers to all comers, from 5 o'clock on, and will furnish headquarters for all desiring to remain for election returns.

Miss Mabel Herrick, who has been taking kindergarten work in Chicago for the past two years, has returned to her home in Granville, having found that the climate of the Windy City did not agree with her health.

There will be a meeting at the North street school house Friday evening at 7 o'clock. Everybody welcome.

DISGUISED

BY FLYING JAPANESE FLAG,  
GERMAN CRUISER ENTERS  
BRITISH POSSESSION

And Sinks a Russian Cruiser as Well as French Destroyer, in Report.

(ASSOCIATED PRESS TELEGRAM)

Tokio, Oct. 29.—The British embassy here hears that the German cruiser Emden, flying the Japanese flag and disguised by the addition of a fourth smokestack, entered Penang, a British possession in the straits settlements and fired shot which sank the Russian cruiser Jamtchug and a French destroyer.

The Emden's entrance into the waters of Penang was audacious. She came in under the guns of the fort, and after sinking the cruiser and the destroyer escaped through the strait of Malacca. The rest of the crew on board the Jamtchug is not yet known here.

Merchant vessels belonging to the belligerent nations are taking refuge at Colombo, Ceylon.

The Russian cruiser Jamtchug was a boat of about 1,000 tons and was laid down in 1907. Her main battery consisted of 12 4.7 inch guns and she had a speed of 24 knots. She carried a crew of 324 men. After the battle of the Sea of Japan, during Japanese war in 1905, the Jamtchug was interned at Manila.

The German cruiser Emden, after her exploits in the Indian ocean around India, where she sank a score or more of British steamers has apparently shifted her scene of operations more to the eastward to the vicinity of the straits settlements. On Tuesday she reported as having sunk a Japanese passenger steamer bound for Singapore.

FLAG DISGUISE BEFORE  
FIRING ON VIOLATION

(ASSOCIATED PRESS TELEGRAM)

Washington, Oct. 29.—For the German cruiser Emden to disguise herself by flying Japanese flags, was not contrary to the generally recognized practices of war, naval officials here pointed out today. Before firing on a foreign ship, however, or committing any other hostile act, they say, the Emden would be compelled, under international law, to haul down the foreign flag and hoist that of her own country. No objection could be made, it was said, even if the Emden were to fly the American flag to disguise herself, provided she took it down before attacking a vessel.

One naval officer recalled an interesting case during the Chinese-Japanese war, when a small Japanese merchantman was painted the color of a German commercial ship and entered the port of Wei Hai Wei through a cordon of blockading ships, steamed around the port, obtained all information on the Japanese desired and escaped before the deception was discovered by the Chinese.

SERIOUS CHARGES

SEVERAL SPECIFIC INSTANCES  
OF HIS EXTREME CRUELTY  
ARE RECITED.

Designed to Show the Court That He Is Not an Ideal Husband, Court News.

A lengthy petition has been filed in probate court by Lucile A. Long, asking that she be divorced from Eugene T. Long. The petition states that they were married September 29, 1904, and are the parents of two children, aged 8 years and 22 months. Plaintiff charges gross neglect of duty and failure to provide in her first cause of action, and for second cause, extreme cruelty toward her in that he would associate with other women; had threatened to do her bodily harm; had called her vile and indecent names; threatened to kill her, and had also threatened to send her to a lunatic asylum. The petition alleges that the defendant is the owner of real estate in Kirtlandville, valued at \$2,500, and that he also owns a fine head of horses and chattels of various description, and has money in several banks at Columbus, O. Plaintiff asks for the custody of the minor children, alimony and other relief.

DISPUTES CLAIM  
OF C. M. A. TEAM  
TO CITY PENNANT

The manager and players of the C. M. A. team comes forward with a claim that the C. M. A. baseball club is claiming the honor of having won the city pennant, without first having eliminated the C. A. C's.

According to information given the Advocate, the C. A. C. team was victorious in a game with the C. M. A. through the last mother series to the losers. The C. M. A. in Sunday's game defeated the Heiseys in the seventh game of the series.

It is a long-remembered tie for the championship of the C. A. C. non-elimination. The Heiseys were victorious in the game with the C. A. C. from the C. A. C. team won the series from the C. M. A. and the C. M. A. won the series from the Heiseys. There is no other way to figure it but a third competition.

The three Newark teams, with Mr. Vernon, Roselle, Conshocton, Zanesville and Crookville plan an eight team league for next season.

The Taxpayers' Friend

Candidate for Auditor Second Term  
Jesse W. Hursey

A Vote for Jesse W. Hursey is a Vote for the Taxpayers' Friend.

Jesse W. Hursey is a candidate for re-election to the office of county auditor. Mr. Hursey has made a splendid official, giving careful attention to every little detail of that most important office. He is a native of this county and was born and brought up near Gratiot. His keen executive ability has been shown to be of a high quality throughout his career in Licking county politics, and no man can display a better, unblemished personal reputation as the congenial servant of his electors than Jesse W. Hursey.

Mr. Hursey has been closely associated with a number of local fraternal orders for many years, claiming membership at the present time in the Masons, Odd Fellows, Knights of Pythias, Rebekahs, Modern Woodmen, Eagles, Moose, Apes, and Elks and throughout fraternal circles in Licking county. He is recognized as a man who by his forceful personality, and splendid ability is doing every thing in his power to maintain the reputation not only of himself but of the political party with which he affiliates.

Mr. Hursey's affable manner in transacting business for them in his office, has won for him a host of friends who are unanimous in their opinion that his splendid record deserves for him another term in the office of County Auditor. He is always safeguarding the interests of the county but is none the less conscientious in his duty to the individual. He is never too busy to be courteous and to give the best attention to matters of business which he is called upon to transact as a public servant.

The Wets Smoked  
Out At Last

The committee of the Wets got a little courage, from somewhere and came back last night, but Mr. Julius Juch switched the personnel of his committee by dropping his old comrade, Frank Muenz, late councilman of the Fourth Ward, and substituting "J. P. Stock," who ever he is. His name doesn't appear in the city directory.

The Challenge of the  
Wets is Accepted

A FULL AND COMPLETE REPLY WITH PARTICULARS AND SPECIFICATIONS WILL APPEAR TOMORROW NIGHT.

ROBERT W. HOWARD, WESLEY MONTGOMERY  
Secretary Chairman.

Mr. Lightle, a well-known employee of the American Bottle company, was found dead in bed early Thursday morning by his son, Clarence, at their home in Beech street.

Mr. Lightle was, at his duties Wednesday as usual, at the supper table joked with his children and did not seem to be ill in any way. He left his house shortly after coming up town and returned at the usual hour. When the son went to awaken him he did not respond, and becoming alarmed a neighbor was called in and Dr. G. W. Sage was summoned by phone. He at once saw that his services were not needed. Mr. Lightle had passed away shortly before, dissolution having been caused by heart failure.

A sad feature of the affair is that Mrs. Lightle was away from home at the time, having been called to Pike county on account of the illness of relatives in that family. She was reached by telegram Thursday morning and reached Newark shortly after the noon hour.

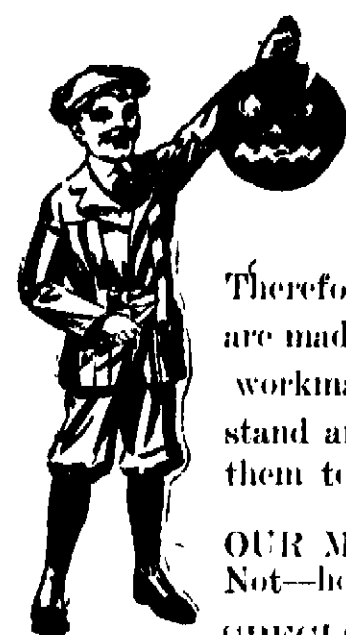

Mr. Lightle was born at Waverly, Pike county, O., March 18, 1868. He was married to Miss Clara Ryder of the same county, and they were the parents of four children, all residing at home. Clarence, 14 years, 11 months, 12 days; Fred, 12 years, 10 months, 12 days; Edna, 10 years, 10 months, 12 days; and a five year old son, who has made many friends since that time.

Mr. Lightle was a member of the Methodist church, and was a very successful business man, and a very kind and loving husband and father. No funeral arrangements have as yet been made.

The body will be kept in White R. O. O. hall, and services held there on Saturday afternoon.

You are invited to attend the funeral, which will be held at 2 o'clock on Sunday, November 1, at the home of the family, 1000 E. Main street.

# The Danger of Prohibition

To one of the largest Newark Industries

The following is a letter made public by the American Bottle Co., as to the effect of the passage of the Prohibition amendment.

Newark, Ohio, Oct. 24th, 1914.

The Advocate,  
Newark, Ohio.

Gentlemen:

Our attention has been called to some statements made at a meeting held in the High School Auditorium a few days ago, to the effect that in the event State Wide Prohibition is successful at the coming election, the Newark plant of the American Bottle Company could be kept busy making pickle and catsup bottles and similar ware, in fact, we are informed the speaker stated that at the present time a large part of our output consisted of condiment bottles.

The above being so far from the truth, we believe that the people of Newark should be correctly informed as to the conditions which actually exist and, we accordingly submit the following:

Our bottles are made on machines under license from the Owens Bottle Machine Company which grants us the right to manufacture ware for malted and carbonated beverages only; about 90 per cent of our production being containers for beer.

Our Newark plant is the largest bottle factory in the United States and is assessed at \$1,800,000; our taxes amount to more than is paid by any other concern in Licking County.

We give employment to approximately one thousand men whose annual wages amount to \$675,000.00.

We handle in the course of a year 7500 carloads of material and finished product, and pay to the railroads about \$315,000.00 for freight. This of course gives employment to a considerable number of railroad men.

The materials used in our glass are procured largely in the vicinity of Newark, and as they are principally common products, such as sand and lime, the cost is made up to a considerable extent of wages.

Should State Wide Prohibition be put into effect a large part of our investment would be made useless, and our force of men greatly reduced; this condition also extending to a considerable degree to the concerns from whom we purchase materials.

In view of the wrong impression which seems to exist we feel that our position should be known, and therefore trust that you will give this letter publicity in your columns.

Yours very truly,

THE AMERICAN BOTTLE COMPANY.

Vice President and Ass't General Manager.

## ROMANCE

IN LIFE OF SALVATION ARMY LASS AND PROMINENT VAN WERT MERCHANT.

Culminated in Pretty Wedding Wednesday Night at First Presbyterian Church.

From earliest childhood, the aim of saving souls and bringing the truths of the gospel to the unfortunate has been the greatest factor in the life of Miss Martha Watkins, captain in the Salvation army. Miss Watkins, who has lived with her parents in this city for the past year or two, entered the work of the Army at the age of 8 years, and for the past five years has been an officer in this organization.

She was stationed in many of the big cities, but Cupid, the God of Love, had long watched from afar this fair maiden of the army, and he, all unknown, enticed her to Van Wert, O. There the same mesh of his web of admiration entangled the pretty Salvation army lass, and Mr. Walter Gregory Kimmel, a wholesale dealer in grain and straw. Tighter and tighter the web was spun until admiration strengthened into love and the romance was completed in this city on Wednesday evening, when the marriage of Miss Watkins to Mr. Kimmel took place at 8 o'clock in the First Presbyterian church.

With her marriage, Miss Watkins abandoned her work in the Army and resigned from the organization as an officer, but she was still a worker in the fold, until she laid aside her bridal dress, which was, instead of the usual white creation, the regulation Army dress uniform of dark blue serge. The Salvation Army wedding service was read by Brigadier David Dunham of Cincinnati, and the service concluded with speaking and singing. The bride was attended by her matron of honor, her sister, Mrs. Rex Munselles of Muncie, Ind., and her maid, Miss Eva Allen of New York City. Both the matron and the maid of honor wore the blue uniforms of the Army. The bride carried white roses, while the matron's bouquet was of yellow chrysanthemums. Miss Allen carried white chrysanthemums. Miss Watkins carried white chrysanthemums.

The groom was attended by his brother, Mr. Ray Kimmel of Columbus, O. The church was adorned with great profusions of flowers and palms, fashioned into a bower of beauty by the many friends of the bride.

An informal reception followed the ceremony in the church, and goodbyes were said to friends. The bride formally severed her connection with the great work, which had so long dominated her every effort. Mr. and Mrs. Kimmel left at midnight for Columbus and from there they will go to Van Wert to make their future home.

The bride is the daughter of Adjutant James Watkins and Mrs. Watkins of 415 Eddy street. The passerby on the streets of the city have learned to watch the pretty salvation Army captain, and they all unknowingly won by her beauty, refinement and earnestness have become her friends, who will be interested to learn of her happiness and hasten to bestow on her their best wishes.

She was probably the youngest captain in the Salvation army work. When but eight years old her parents became officers in the organization and soon the eager child's voice pleaded with the listeners that they better themselves. When older she entered the training college in New York City, and there she surmounted all pitfalls of the worker in that vast city. For the past five years she has been a captain and has been located in Pittsburgh, Cincinnati, Van Wert and Norfolk, coming from the latter city to Newark.

## IMPROVEMENT OF CHILDREN, OBJECT OF THESE EXPERTS

(ASSOCIATED PRESS TELEGRAM) Washington, Oct. 29.—Social service experts who will aid the children's bureau of the department of labor in the government's first attempt to widen the departmental field in this direction, have been selected by Miss Julia Lathrop chief of the bureau, according to announcement today and plans for the investigations they will pursue have been mapped out. An additional \$81,000 was appropriated by congress to cover this work. Among the experts to be named are those on sanitation, industrial improvement, a librarian and numerous special agents and clerks.

## RAISE SHIPS IN ANTWERP HARBOR; RIVER NAVIGABLE

(ASSOCIATED PRESS TELEGRAM) Amsterdam, Oct. 29.—According to an Antwerp telegram to the Rhine-Ruhr Transport company of Mannheim, some of the ships sunk in the port of Antwerp by the troops of the allies have been raised and the river is again navigable. An inventory of the good in the raised vessels is being made.

The Antwerp government has invited bids for the raising of the remainder of the sunken ships.

## THINKS LIBERTY MORE THAN MERE RIGHT TO DRINK

Rev. Herbert S. Bigelow.

Herbert Bigelow, president of the recent constitutional convention, thinks liberty means more than the right to drink. He writes as follows to John Schwaab, an officer of the Personal Liberty League:

"Do you regard it as a sacred privilege of personal liberty that a man should be permitted to drink beer? Are you working to deny woman the ballot? Is not the exercise of the suffrage as sacred a privilege as drinking beer? My wife desires the ballot and I desire it for her and for my daughter. Will you kindly tell me why I should respect your right to drink beer if you will not respect the right of my wife and daughter to vote?"

## TRENCHES

TAKEN BY ALLIES COULD NOT BE RECOVERED BY REPARATED GERMAN ATTACKS.

Official Statement from Paris Reports Progress, Particularly at One Point Named.

(ASSOCIATED PRESS TELEGRAM) Paris, Oct. 29.—The French official announcement given out in Paris this afternoon says that yesterday the French troops made progress at several points on the line but particularly around Ypres and to the south Arras.

The text of the communication follows: "During the day of yesterday we made progress at several points along the line of battle but particularly around Ypres and to the south of Arras."

"There is nothing new on the front between Neuport and Dixmude."

"Between the Aisne and the Argonne we took possession of some trenches occupied by the enemy and not one of the partial attacks undertaken by the Germans resulted successfully."

"We advanced also in the forest of Apremont."

## SUBMARINE PARTS ARE SENT TO COAST FOR ASSEMBLING

(ASSOCIATED PRESS TELEGRAM) Amsterdam, Oct. 29.—A dispatch from Sluis, Holland, to the Handelsblad asserts that parts of several submarines have been sent from Germany by railway to Zebrugge on the Belgian coast where they will be put together and the boats then sent against the British fleet off Ostend. Strict secrecy, according to the Sluis correspondent, surrounds the German movements in Belgium, and all railway communication to Zebrugge, Knocke, and Bruges is interrupted. Bicycle and motor traffic is also forbidden. A map in the office of the German commander at Bruges shows a straight line from Mariakerke, running south, beyond which no civilians are allowed to go.

## Forward March of Greeks Has Begun Towards Albania

(ASSOCIATED PRESS TELEGRAM) Athens, Oct. 29.—A dispatch from Athens to the Havas agency says that the forward march of the Grecian troops, who are going to assist in the occupation of Southern Albania, proceeded in perfect order but amid great enthusiasm of the people. Queen Sophie has been named as first commander of the first regiment of the national guard.

## There is a Great Difference in Tobaccos

Tuxedo is the Mildest, Sweetest, Most Pleasant Smoke in the World, Because—

First—No one but the makers of Tuxedo is willing to spend the money necessary to buy the mildest, choicest, most thoroughly aged, selected Burley tobacco.

Second—No one but the makers of Tuxedo knows how to treat this Burley tobacco so that every bit of pleasantness and goodness remains in the tobacco and every bit of unpleasantness and harshness is taken out.

# Tuxedo

The Perfect Tobacco for Pipe and Cigarette

Tuxedo was born in 1904. Its first imitator appeared two years later. Since then a host of imitations have been born, and are clamoring for your patronage.

No imitation is ever as good as the original. No amount of advertising, no amount of bluster and bluff, can ever make an imitation tobacco as good as Tuxedo.

If you are not a pipe smoker, you are denying yourself the greatest smoking pleasure known to man! One week of Tuxedo will give you more enjoyment than you have ever had—and at the end of the week your nerves will be better and your general health will have improved. Try Tuxedo this week!

## WHOLESOME FOOD MUST BE BOUGHT FOR THE U.S. NAVY

Washington, Oct. 29.—Efforts of purchasing officers of the navy to secure only the most wholesome food for the enlisted men, are revealed in a special order which Paymaster General McGowan has just issued to the officers and chiefs in his bureau. In it he declares that "our men are no 'person squad' but human beings and American citizens for whom we stand in the relation of trustee in so far as relates to the food question."

## EXPERIMENTS MADE TO FIND FLAWS IN STEEL ARMAMENT

(ASSOCIATED PRESS TELEGRAM) Washington, Oct. 29.—Remarkable success has extended the experiments which have for a long time been in progress at the naval academy, the object of which was to detect concealed flaws in masses of steel and other metals used in ship construction and engines. By photomicrographic observations, it is believed that it will be possible with certainty to detect any dangerous flaws and internal cracks in the great steel shafts and other parts of the engines upon which the safety and mobility of the ship depends.

If these experiments work out as expected, they will result in revolutionizing the methods of specifications to be included in all contracts for naval structural steel, and even more important, the navy represent a certain means of preventing acceptance of defective steel rails which caused disastrous railroad wrecks.

NEWARK WORKINGMEN, READ THIS  
AND GIVE YOUR ANSWER NOV. 3

Practically every Newark workingman now owns a valuable accident insurance policy given to him without cost by the State of Ohio. In the event of death, this insurance policy is worth as high as \$3,750 to the man's family. In the case of injury, the policy is worth up to \$12 a week during disability.

This insurance applies to all Ohio workingmen (railroads excepted) where five or more are employed by a corporation, firm or individual.

Looking over files of the Advocate for the past year we find awards made to Licking county workingmen and their families amounting to \$12,484.29. The examination of the papers was hurriedly made, so undoubtedly other awards not included in this total of nearly \$13,000 were made by the state commission. This total does not include \$1045.95 paid to Licking county people for funeral expenses of victims of fatal accidents in this county.

Thoughtful business men always provide themselves with life and accident insurance, for their own protection and for the benefit of those dependent upon them. The workingman, however, has often been unable to provide this protection for his family and himself, because of the expense.

The great state of Ohio, however, has enacted a compulsory compensation law for the benefit of the working people of the state, and this law requires all employers of five or more people to pay into the state insurance fund an amount in proportion to their annual pay roll and according to the line of business they are engaged in. In many cases employers are obliged to pay for this protection to their employees a sum less than they formerly paid to the liability insurance companies.

The Workman's Compensation law is just to the employer and the employee. It protects both the workingman and the company or man who employs him.

The working people of Ohio are indebted to the Democratic state administration for this law, the working people owe not one cent for their protection, but they do owe a debt of gratitude to the party which enacted this splendid law for the protection of the workingman's family.

If Governor James M. Cox had no other thing to his credit aside from the Workman's Compensation law, he should be triumphantly re-elected. Governor Cox deserves the support of every workingman in Ohio, as he has certainly proved to be their real friend.

Thirty of Newark's leading lawyers, J. Howard Jones is a lawyer of signed a card printed in yesterday's experience and talent. His ability Advocate testifying to the efficiency to handle the business of the proposed Bert O. Horton, clerk of courts, attorney's office is unique and soliciting support for Mr. Horton, named as his capacity has been at the coming election. These attorneys, vote for Jones next Tuesday, for they are in position to judge and show your appreciation of whether or not Mr. Horton is the work well done.

O. C. Martin is the right man in the charge of a capable engineer, the right place. Having made good engineer, John C. Swartz is such a as county recorder Mr. Martin is man. Vote for Mr. Swartz next entitled to a second term.

If it hadn't been for the Warnes, in 68 of 78 taxing districts of tax law the tax rate in Newark would this county the 1914 tax rate is to have been 14 mills or more this year. This means the saving of year. It is 12 mills.

In Nearly Every Precinct

To the Taxpayers of Licking County:

Having received a great many inquiries from different taxpayers of Licking county, whether their taxes are reduced, I do hereby certify that I have examined the tax duplicates turned to us from the county auditor's office and have prepared the following table showing the decreases and increases in all the taxing districts of Licking county, and am now writing your receipts for December, 1914, and June 1915, in accordance with said tax table.

Average tax rate ....	8.86	8.17		

These figures given officially by the treasurer of Licking county should be sufficient to deny the absurd claim of the American Tribune that Licking county taxes are not reduced. For days the Advocate has printed many individual names of people widely scattered over the county showing the actual saving in dollars that will come to them this year in consequence of the Warnes tax law. Why should anybody care whether his assessor is elected or appointed if his tax is reduced? Wouldn't the people rather enjoy a lower tax rate than to have the privilege of electing their assessors? Under the present method hidden property that heretofore has escaped taxation is now paying its share of the tax burden. That's why the tax rate is reduced and that's why every honest taxpayer has good reason to arise and thank Governor Cox and the state administration.

In Newark the tax rate remains the same as it was last year but if it had not been for the Warnes law adding four million dollars to the local duplicate and if it had not been for a cut in the state and county levies of .85 mills, the Newark rate would be 14 mills or more instead of 13 mills. So the people of Newark have reason to praise the Warnes law just as well as have the people in the country districts who will in December and next June pay less tax than they paid last June.

Mr. Farmer, Mr. Automobile Owner, Mr. Horseman, what do you think of the proposition to abolish the County Commissioners office in a state highway department and reserve the crazy quilt method of three men are up for re-election next Tuesday. They deserve your vote.

## THE HAND OF LABOR UPHELD BY GOVERNOR COX

Republicans are claiming part of the credit for enactment of the Workman's Compensation law in spite of the fact that this law was passed by a Democratic legislature and signed by a Democratic Governor. The Republicans were in power in Ohio for a great many years and they had opportunity enough to pass a law to compensate injured workingmen but they didn't do it. Now that the Democrats have made such a law the Republicans want credit for it because a few Republican legislators joined the Democratic majority in voting for it.

The joint 15th-16th senatorial district is made up of Licking, Delaware, Muskingum and Perry counties. Henry Miller the lawyer (J. H. Miller) the Democratic candidate for Senator from this district, is deserving of support next Tuesday. Mr. Miller is a man of ability. He is honest, well educated and is a forceful public speaker.

If it hadn't been for the state highway department, Ohio would have received no federal aid for good roads this year and the federal money that is now being used in building the new national pike through Licking county would not have come into this state. The Democratic party favors continuation of the state highway department.

His experience as deputy treasurer has given Will H. Miles an opportunity to understand thoroughly the duties of county treasurer. It would be hard to find a more competent or more obliging man than Mr. Miles. Vote for him November 3.

Squire James J. Hill of Johnstown as a member of the state legislature will look after Licking county's interest carefully and intelligently. Vote for Mr. Hill for Representative next Tuesday.

One of the best known physicians in the city of Newark is the Democratic candidate for coroner of Licking county. Dr. W. L. Jackson is the man. Vote for Dr. Jackson.

The United States government last year produced 3,773,424,000 postage stamps.

FALL NOVELS.

Jack London writes, pen dipped in sore, of scraps aboard the "Elsinore." The superman is there on deck, with catcliffs climbing on his neck, and decks and bulwarks are awash with forty kinds of blood.

B'gosh. A whooping tale of mistle men—the "Sea Wolf" warmed and dished again. Oh, Jack, your elbow's getting tired; one cannot always be inspired! "The Auction Block," by Rex E. Beach, is more than just a scream—a screech; Rex here forsakes the Arctic strand, the snowy pass and frozen land, and takes our serial scheme apart, and shows it has no brain or heart; he writes of soaks and libertines, and sports who live in their machines, and draws a truly frightful sketch of maid for sale to wealthy wretch. And over as we read we think, "This book is surely on the blink, and when our reading it has ceased, we'll taste it for six months at least. Oh, Rex can write such corking tales of heroes lost in Arctic gales, of great things done by rugged men—why does he prostitute his pen, and write this twaddle, rank and raw? There surely ought to be a law." Alas, how far a man must look before he'll find a first class book!

## MEEK-MOSSMAN.

Harvey L. Meek and Miss Nellie Mossman were married at the home of the officiating minister, Rev. W. D. Ward, in West Locust street, Wednesday afternoon. They were attended by Miss Goldie Mossman, a sister of the bride. The groom is a son of George Meek, living five miles north of Perryton and the bride is a daughter of Robert Mossman of six miles south-east of this city. Mr. and Mrs. Meek will reside on the farm with the groom's parents.

The Recreation club danced at Meek's Hall Tuesday evening and very delightful music was furnished to all by Hawkins and Nutter's orchestra.

## THE WHOLE BODY NEEDS PURE BLOOD

The bones, the muscles, and all the organs of the body depend for their strength and tone and healthy action on pure blood.

Hood's Sarsaparilla makes pure blood. It is positively unequalled in the treatment of scrofula, catarrh, rheumatism, dyspepsia, loss of appetite, that tired feeling. There is no other medicine like it. Be sure to get Hood's and get it today. It is sold by all druggists.

Those who attended were: Mr. and Mrs. Clark Wright, Mr. and Mrs. Lawrence Schaller, Mr. and Mrs. William Gallagher, Mr. and Mrs. Fred Palmer, Mrs. T. ## Seeks a Divorce.

Charles A. Kern, of this city, has applied for a divorce from Georgia D. Kern. In his petition filed in probate court, Thursday, Mr. Kern alleges that they were married at Toledo, O., July 11, 1912, and that no children have been born of the union. He charges that the defendant has committed adultery on numerous occasions and says that she was cruel to him in that she would frequently leave him and go with other men, admitting that she was committing adultery.

## Will Probated.

The will of the late Thomas Phil Vogelmeier, the arguments of to probate Thursday in Probate Judge Robbins Hunter's court.

## In Common Pleas.

In the case of Ruth Jarvis vs. Phil Vogelmeier, the arguments of counsel were concluded on Thursday morning, and the jury was instructed as to the law of the case by the court. The jurors then retired for deliberation upon a verdict. Plaintiff asks for damages in the sum of \$10,000 for personal injuries received by being run over by a hack of defendant on Woods avenue in this city in March, 1911.

## Divorce Appealed.

William A. Swartz, of near Hebron, O., has appealed from the finding in the divorce case of Gertrude Swartz vs. William A. Swartz, recently made by Judge Robbins Hunter in probate court. In the probate court the plaintiff was given a decree of alimony and restored to her maiden name of Gertrude R. Black; and each party was to pay their own costs. The defendant excepted to the finding and gave notice of intention to appeal on account of failure to award him alimony.

## SOAP ON HAIR CAUSES DANDRUFF, SCALP GETS DRY, HAIR FALLS OUT

After washing your hair with soap always apply a little Danderine to the scalp to invigorate the hair and prevent dryness. Better still, use soap as sparingly as possible, and instead have a "Danderine Hair Cleanse." Just moisten a cloth with Danderine and draw it carefully through your hair, taking one strand at a time. This will remove dust, dirt and excessive oil. In a few moments you will be amazed, your hair will not only be clean, but it will be wavy, fluffy and abundant, and possess an incomparable softness and lustre. Besides cleansing and beautifying

the hair, one application of Danderine dissolves every particle of dandruff; stimulates the scalp, stopping itching and falling hair. Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating and life-producing properties cause the hair to grow long, strong and beautiful. Men! Ladies! You can surely have lots of charming hair. Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter and try it.

## BIG MACHINE HIT SMALLER; ONE KILLED

## Associated Press Telegram

Columbus, Oct. 20.—In an automobile accident which occurred just before noon today at a point on the Lima-Ft. Wayne road, four miles west of Van Wert, E. R. Kreitz, 30, of Lima, was killed outright and Edward Zimmermann, 22, of Lima, was probably fatally injured.

Kreitz was driving a fifty-six horsepower racing machine and he side-swiped a smaller automobile driven by H. R. Brownless, traveling salesman for a Toledo Rubber Tire concern.

The road where the accident occurred is straight and level and is without ditches. The big machine was going at a high rate of speed when it hit the smaller machine. Brownless seems to have escaped injury.

Kreitz resided at 405 South Baxter street, Lima. He leaves a wife and one child. He was agent for an automobile company of Lima. His body was taken to Van Wert and from there shipped to Lima. Zimmermann was taken to Van Wert for medical attention.

## A New Principle in Complexion Treatment

Most creams are injurious when used habitually. They close the pores and eventually form a permanent, soggy, stifling film which interferes with elimination action and makes the skin sickly and pasty. There is an application—mercolized wax—which acts upon an entirely different principle. While perfectly harmless, it has the peculiar property of removing by absorption the head and half-dead particles of sear-skin, as well as unhealthy matter in the pores. Thus it takes away from instead adding to the complexion, offering in this respect from cosmetics. The result is a perfectly natural and healthy young complexion. Mercolized wax, procurable at any drug store (one ounce is sufficient), is applied at night like cold cream and washed off in the morning.

The correct principle in the treatment of impurities is to lighten the skin, which naturally throws out the lines. A face bath, remarkably effective in this direction, may be made by dissolving 1 oz. powder of exfoliate in 1/2 pt. witch hazel.—Advertisement.

## "There's a Reason"

why more and more coffee drinkers quit coffee and use---

POSTUM

Once convinced that coffee-drinking is actually harmful to health, few parents would give coffee to their children, or drink it themselves.

What proof more convincing than the unnatural aches and pains that many coffee-drinkers suffer?

What proof more conclusive than the scores of expert medical and scientific opinions against coffee?

Brain, Stomach, Heart, Liver and Kidneys are the first organs to be affected. Sometimes it shows in headache; often in nervousness, indigestion or heart disturbance; frequently in biliousness or disturbed vision.

If you are in doubt, try this test-- Stop coffee ten days and use POSTUM

This pure food-drink made of prime wheat and a small per cent of molasses, has a rich, Java-like flavour and is absolutely pure and free from the coffee-drug, caffeine, or other harmful ingredient.

Postum comes in two forms:

Regular Postum—must be boiled. 15c and 25c packages.

Instant Postum—needs no boiling. A teaspoonful of the soluble powder stirred in a cup of hot water makes a delightful beverage instantly. 30c and 50c tins.

Grocers everywhere sell both kinds, and the cost per cup is about the same.

## OUTBREAK

THAT MAY BE SERIOUS IN CONSEQUENCES, AT PORT-AU-PRINCE, HAITI.

Ministry Has Taken Refuge in Foreign Consulates—Rumors Approaching City.

(Associated Press Telegram)

Port-Au-Prince, Haiti, Oct. 29.—A serious revolutionary outbreak occurred in Port-Au-Prince last night as a result of the landing here of Charles Zamor, a brother of the president of the republic. There was shooting in the streets of the city throughout the night and the encounters continued today. The members of the ministry have taken refuge in the foreign consulates.

The Netherlands steamer Prinz Willem came into Port-Au-Prince yesterday evening at 10 o'clock. On board were President Zamor and his brother, Charles. Charles came ashore and the landing was the signal for the outbreak. The government forces opposed the rebels, but were driven back and compelled to evacuate their positions.

A force of rebels under Davilmar Theonore, leader of the present rebellion, and the man who has been proclaimed president by the revolutionists, has occupied Mirebelais, 20 miles northeast of Port-Au-Prince and is now marching on this city.

The present revolution in Haiti has been going on since the United States recognized the government set up last winter by President Zamor.

Reports from Port-Au-Prince under date of October 23, set forth that the president, defeated by the rebels had withdrawn to Conaves and gave the composition of the new government under Davilmar Theonore.

The American cruiser Tacoma is at Port-Au-Prince and American marines were landed in the city about a week ago to protect the American consulate after an understanding with both Haitian factions.

## FACT

### Local Evidence.

Evidence that can be verified.

Fact is what we want.

Opinion is not enough.

Opinions differ.

Here's a Newark fact.

You can test it.

G. W. Coulter, manager of the J. H. Swisher Cigar Co., 33 German street, Newark, says: "Kidney trouble came on me like the thrust of a knife. I was working in the yard, trimming the grass, when suddenly a sharp pain caught me through the center of my back. From that moment for a year and a half, I was in poor health. I couldn't work steadily and felt badly. I doctored, wore plasters, in fact, did everything, but didn't get relief. Mornings I had to drag myself out of bed, and it was hard for me to dress. I couldn't stoop or bend. Often I had to lie down again. I felt so utterly worn-out and weak, I had rheumatic twinges in my limbs. I finally began taking Doan's Kidney Pills and they brought me a cure which has lasted."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Coulter had. Foster-Milburn Co., Props., Buffalo, N. Y.

Apply Sloan's Freely For Lumbago. Your attacks of Lumbago are not nearly so hopeless as they seem. You can relieve them almost instantly by a simple application of Sloan's Liniment on the back and loins.

Lumbago is a form of rheumatism and yields perfectly to Sloan's, which penetrates quickly all in through the sore, tender muscles, limbers up the back and makes it feel fine. Get a bottle of Sloan's Liniment for 25 cents of any druggist and have it in the house—against colds, sore and swollen joints, rheumatism, neuralgia, sciatica and like ailments. Your money back if not satisfied, but it does give almost instant relief.

# AUTHORITY OF MILITARY RULE FELT IN BERLIN

Berlin, Oct. 28.—(Correspondence of the Associated Press.)—To say that civil authority in Germany has everywhere given way to military government would be to overstate the case, and yet it is true that within its own field of affairs the military is not only absolute, but also at times inclined utterly to disregard even the highest state officials. This prevails to such an extent that passes, for instance, from the Minister of Foreign Affairs are only valid when some army officer is disposed to recognize them.

The foreign correspondents left in Berlin have recently had occasion to witness the working of military government. The foreign office sent to them, unsolicited, an invitation to visit the war prisoners' detention barracks at Doberitz, some fifteen miles outside the capital. The newspapermen assembled at the time and place directed. With them were Captain Lochlein of the imperial admiralty and several high officials of the foreign office. The commandant of the military camp, an elderly general, approached the group and addressed them brusquely.

"Nobody will be admitted to see the prisoners," he said. "And as long as I am commandant here, the same rule will prevail."

He turned his back on the state officials and newspapermen and strode back to his room without a word of explanation. The fact that the visitors were present by invitation of the government made no difference to him.

The civil officials of Germany realize that the fact that the neutral nations are getting so little news from the German side is in some degree the fault of this lack of co-operation between the civil and the military officials. If the former could have their way, the foreign press service from Germany would be much more nearly complete, but they are blocked by this attitude of the army officials.

## SHRAPNEL SHELLS, BRITISH INVENTION, DECIMATE ALLIES

London, Oct. 28.—(Correspondence of the Associated Press.)—Shrapnel, which has done far more damage to the allies than the German rifle fire, is a British invention over a century old. Its inventor was General Shrapnel, an English officer, who was born in 1761, and given a commission in the royal artillery in 1779. The thought came to him during the war in Flanders, where he was impressed by the trifling effect of round shot against troops and the limited range of grape. His shell, filled with balls and powder and ignited by a time-fuse, was adopted by the British army in 1802 and played an important part in the Peninsular war under Wellington and also at Waterloo. The secret of its action was unknown outside of Britain until 1834.

With the customary ingratitude of governments, General Shrapnel was never reimbursed for the expense of his experiments. All he received was 1,200 pounds a year (\$6,000), and the offer of a baronetcy he could not afford to accept. He died in 1842 a bitter old man.

Dr. Louis Seaman, the American expert, who has visited the hospitals of the allies at the front, says that the German shells break into large pieces and do little damage compared with those used by the Japanese against Russia, which were torn into showers of steel splinters. But the shrapnel bullets make ragged wounds and also carry infecting material with them, causing a large percentage of deaths from blood poisoning.

## PRESIDENT WILSON APPROVES PLAN TUBERCULOSIS DAY

(Special to The Advocate)  
 Washington, Oct. 29.—President Wilson expresses his approval of the Fifth National Tuberculosis Day Movement during the week of November 29 and also of the work of The National Association for the Study and Prevention of Tuberculosis in a letter to Dr. George M. Kober, the president of that body, made public today. He says, among other things:

"I know that I need not assure you of my very profound interest in and sympathy with the work of the National Association for the Study and Prevention of Tuberculosis, and I am delighted to know that you feel encouraged by the results of its efforts. I sincerely hope that November 29th the day which you have designated as Tuberculosis Day, will result in awakening the people of the United States still further not only to the necessity, but to the perfect feasibility, of arresting and preventing this terrible disease."

A number of governors are issuing proclamations on the Tuberculosis Day Campaign, calling on the churches and schools to unite during the week of November 29th in an educational campaign against tuberculosis. The movement is not for the purpose of raising funds, but simply to bring to the people all over the country the essential facts with reference to the treatment and prevention of tuberculosis. For data and information address National Tuberculosis Association, 105 East 22nd street, New York.

Blotchy (Say what you will of Hardup, he is certainly sympathetic.) Slobs: "Yes, I believe Hardup sympathizes with the people he owes money to."

# R. L. PATTON FOR SHERIFF OF LICKING CO.

R. L. Patton, Democratic candidate for sheriff of Licking county, is fitted by business experience and temperament for the office to which he aspires. Mr. Patton is a man of courage, a man who 'thinks straight' and who having a duty to perform does it.

Born and brought up on a farm in Bennington township, where he acquired a common school education, Mr. Patton combined with the calling of tilling the soil

the business of fire insurance and for fifteen years has been eminently successful. He was associated for a number of years with William A. Ashbrook in the insurance business and afterwards purchased that gentleman's interest.

Mr. Patton has enjoyed to the fullest extent the confidence of the companies which he represents as well as that of his patrons. He has been called upon to adjust hundreds of claims, both large and small, and his adjustments have always

given satisfaction both to insurers and insured. In his line of business he has traveled extensively over the county and is probably one of the best known citizens of the county, his business bringing him in contact with residents of nearly every community. He has never held a public office unless that of school director could be called such, and while serving in that capacity was a tireless worker in the cause of education. Mr. Patton is a Mason, an Odd Fellow, K. of P. and an Elk.

The voters of Licking county can rest assured that R. L. Patton will serve them well. He is a man of unblemished reputation and his character is above reproach. He would add dignity to the office and so administer its affairs that the tax payers of the county would benefit thereby. A vote for R. L. Patton for Sheriff is a vote in the interest of every citizen in the county irrespective of party affiliation. He may be depended upon to do his duty well.

## Your "Batting Average"

can't be kept up on foods that are deficient in muscle-making material, that heavily tax the digestive organs. The effort to digest high-proteid foods in Summer uses up vitality and lays the foundation for disease.

## SHREDDED WHEAT

will keep the body at top-notch efficiency for work or play. It is what you digest, not what you eat, that supplies strength for body and mind. Every particle of the whole wheat grain is digested and converted into sound muscle, bone and brain. Your grocer sells it.

Always heat the Biscuit in oven to restore crispness; then pour over it milk or cream, adding salt or sugar to suit the taste. Deliciously nourishing for any meal in combination with berries or other fruits of any kind. Try toasted Triacuit, the Shredded Wheat Wafer, for luncheon with butter, cheese or marmalade.

EDWIN BESUDEN  
PAGED IN HOTEL  
FOR PRESIDENT

(Special Telegram.)  
 Binghamton N. Y., Oct. 29.—Edwin Besuden of the Jewett Car Company of Newark, Ohio, created a sensation in the Arlington Hotel today when he was paged through the corridors as President Woodrow Wilson. The facial and personal resemblance of Mr. Besuden to the President had fooled a local politician who sent in his card and when the rumor got afloat a number of political leaders visited the Arlington keeping Mr. Besuden busy explaining his identity.

SPECIAL SERVICE  
BEING PLANNED AT  
CHURCH OF CHRIST

A great mass meeting of men is being planned for the Sunday evening service at the Central Church of Christ, Sunday November 1st, at 7 p. m. Attorney H. C. Shepherd, of Zanesville, will deliver the address of the evening. Of course, the theme will be State-Wide Prohibition. The men will occupy the main auditorium, and the ladies will form the background of the audience, sitting in the rear rooms and the balcony. There will be a large men's chorus in the choir loft, and the ladies, under the direction of Miss Hughes, will spring some surprises from the balcony. All of the men of the city not affiliated elsewhere are cordially urged to attend this meeting, and sit with the other men.

Reception Will Be  
Held In Honor of  
Pastor's Assistant

Friday evening, October 30th, will be "At Home Evening" at the Central Church of Christ. It will be a social evening in honor of Miss Mary E. Hughes, the assistant minister, who recently began work with the church. There will be a chorus practice from seven to eight o'clock, and the social hour will begin promptly at eight. There will be a brief musical program and very brief remarks by two or three of the members. Light refreshments will be served in the basement. It is important that this occasion shall be regarded as a general church social. It will afford an opportunity for the members and friends of the church to become acquainted with Miss Hughes, and incidentally for the members and friends to become acquainted with each other. Miss Hughes is getting a fine start in her work, and is fast making her influence felt in every department of the church. The public is cordially invited to come Friday evening and meet Miss Hughes, who is really anxious to minister to all who need, and desire, help, regardless of church membership.

## IRON TRADE REVIEW

Cleveland, O., Oct. 29.—The Iron Trade Review today says: Inquiries pending in this country include large tonnages of barbed wire and 13,000 tons of plates for a water line in Australia. Some additional orders for lathes for foreign countries have been received and improvement in the machine tool business is being reflected mildly in some foundry centers. On the whole, however, the iron trade continues at low ebb. In pig iron, very active competition has been made even on small tonnages. Mill activities are decreasing and announcements of wage reductions are more frequent.

MORE CANDIDATES  
FOR SENATOR ARE  
FILING ACCOUNTS.

(Associated Press Telegram.)  
 Washington, Oct. 29.—Caspar Schenck, Progressive candidate for senator in Iowa, filed his pre-election statement showing \$657.30 was contributed to him by the national progressive committee. Senator Clarke, of Arkansas reported he had received no contributions and his only expenditure for re-election was \$37.50 to the state for having his name printed on the ballot.

DENISON WORKS  
HARD PREPARING  
FOR O. W. U. GAME

Granville, O., Oct. 29.—Working from the time that every candidate makes his appearance on Beaver Field till the shadows of evening cast their dismal reflections across the gridiron and then continuing to work until it is impossible to see the various members of the team, Denison University football men are injecting the necessary zest and vim into the preliminary drilling which Coach Livingston is presenting them with, which should bring about the humiliation of Ohio Wesleyan when they appear here Saturday. There is not a laggard in the corps of gridlers who are undergoing the degrees of preparation.

Three men are being rested as much as possible during the scrimmage sessions. They are Rupp, right half; Brock, right end, and Willis, left guard. All three are just recovering from injuries, and no chances will be taken with their physical abilities to do their best in the Wesleyan game. Since Brock has returned on the field Kidwell has been shifted from right end to right guard. Marsh, who occupied that position, giving way to the former end.

### CASH SAVING TO TAXPAYERS HERE SHOWN

Figures Taken From Records at Random to Show How the Warnes Law Is Operating.

The following taxpayers of Licking county will save the amounts mentioned below when they pay their taxes in December, this year, and in June, next year, and this saving applies to every other taxpayer living in the same taxing district, and in addition the same saving applies to their personal property:

McKean Township.	
L. D. Gosnell—	
35 acres, saving.....	\$ .90
86.80 acres, saving.....	\$ 1.48
50 acres, saving.....	\$ 1.20
Mary B. Hoskinson—	
175.80 acres, saving.....	\$ 5.58
Edward L. Jones—	
314 acres, saving.....	\$10.00
A. I. Cada—	
183.75 acres, saving.....	\$ 7.58
Eden Township.	
Ed Bebout—

James A. Lingafelter—	
90 acres, saving.....	\$ 4.82
Frank A. Young—	
151 acres, saving.....	\$ 7.12

The Advocate invites its readers living in these taxing districts to call on the county treasurer or county auditor for verification of these figures and statements. The figures are taken at random from the tax records. They show the general condition that prevails over the county. Do not be deceived by the false claims of the opposition. If you are in doubt as to the truth of the fact that the Warnes law actually saves money to the honest taxpayers, verify the figures at the courthouse yourselves. The people of Licking county have been greatly benefitted by the Warnes tax law, and they will all know it when they pay their taxes in December.

#### Rings Under Eyes Sign of Poor Health

SAYS NOTED SPECIALIST—CLAIMS EVAPORATED MINERAL WATER BRINGS RELIEF.

A noted specialist claims that dark rings or circles under the eyes, especially with women, usually comes from clogged kidneys and torpid liver. These organs become weak and inactive as a result of too much meat and lack of outdoor exercise. The waste and poisons are absorbed by the blood, bringing on sallow complexion, dark rings under the eyes, pimples, blotches and numerous other skin and blood disorders. He advises women and girls to eat less meat and more fruit and vegetables and drink plenty of water. This authority says that in most cases evaporated mineral water in powder form will overcome these distressing ailments.

Take two teaspoonfuls of this powder in a glass of water two or three times a week, just after you get up in the morning, and you will have a better complexion, brighter eyes, clear brain and general good health. If you ask Frank D. Hall, the druggist for Lax-Uric, he will know what you want, as this is the medicinal name.

#### GERMAN INVASION OF WEST AFRICA DENIED AT BERLIN

(Associated Press Telegram) Berlin, via London, Oct. 29.—It was announced officially in Berlin today that nothing was known concerning the report that German troops had entered Angola, the Portuguese colony in Africa.

The statement was given out by the Wolff Bureau.

The dispatches relating that German troops had forcibly invaded Angola came by way of Lisbon, Madrid and Paris through a French news agency and were received here October 27. The same message said that preparations were being made at Lisbon for the immediate dispatch of war-ships and troops from Portugal to Angola.

#### COUNTERFEIT \$10 NOTE.

### BUY BOUQUET NEXT SATURDAY, HELP CHARITY

The Brightening Circle, one of the four circles of King's Daughters in Newark, is about to raise a fund for the relief of needy families in this city. Instead of a "tag day" they will sell bouquets on the streets Saturday, Oct. 31. Accept a bouquet and give a donation to charity.

Mrs. W. D. Fulton is the "Mother" of the Brightening Circle. Miss Louise Norpell is the leader, Miss Helen Beard secretary. Miss Ruth Zentmeyer treasurer. This circle has contributed to the New Hospital fund and to the Y. W. C. A. fund. It has done splendid work in the 15 years of its organization. Last year through a sale the young women created a fund which was made to do fine service among the needy. They will make good use of the money received next Saturday.

### DENISON CO-EDS DECLARE FOOTBALL A BRUTAL SPORT

Granville, Oct. 29.—Girls with steadies at Denison University declare "that football is a brutal sport."

The college women, in mass meeting, decided yesterday men escorts would be barred at the Denison-Ohio Wesleyan game Saturday.

Girls who already had dates protested violently before the vote was taken. They insisted tearfully they simply couldn't break their engagements. They called the other co-eds "mean old things."

But the "ayes"—the dateless co-eds—had it and the rule will be enforced with rigor.

These communications should be upon subjects in which there is general interest and they must be free from abuse or extravagant statements that tend to provoke controversy.

#### Taxation Amendment.

Editor Advocate:—In view of the fact that there have been so many false statements made about the pending taxation amendment, will you not publish this letter in your paper? The taxation amendment provides:

That taxpayers can spend their money up to the limit of a ten mill levy without asking your consent. That taxpayers must ask your consent if they want to spend your money in excess of an amount derived by a ten mill levy.

If the tax rate of your taxing district is less than ten mills the taxpayers cannot spend more than they did last year, but from year to year can take advantage of revenues derived from an increased duplicate. The taxpayers cannot increase the rate, but the people by vote may increase the rate or indebtedness.

Three classes of property are specified in the proposed amendment—real estate, tangible personal property and intangible personal property. It is left to the general assembly to fix rates on these classes.

This amendment will not make the single tax possible—because writing classification into the constitution precludes the adoption of a single tax; and with a 1 per cent tax limit a single tax will not produce revenue enough to support government.

The amendment says the legislature MAY (not shall) exempt mortgages from taxation. It will give the general assembly power to require a mortgage filing fee, which will bring a larger tax revenue from mortgages than the present constitutional requirement.

The amendment does not seek to exempt bonds from taxation, nor does it increase personal property exemption to \$500. The present constitution carries the \$500 personal property exemption.

The amendment will not cost the schools one cent.

It will not interfere with the state's good roads policy.

It will not prevent emergency legislation.

It does not affect the initiative and referendum in any way.

Private monopolies cannot possibly be benefited by it.

Very truly yours,  
O. K. SHIMANSKY,  
Secretary Ohio State Board of Commerce.

### GAME SCHEDULED WITH GRANVILLE

### NEXT SUNDAY P.M.

Following the visit to Granville, the management of the Fitzsimmons team announces that the Granville Athletic club will bring a strong team to Newark next Sunday afternoon, for the game with the Fitzsimmons Independents.

The Granville team has developed some clever plays, including several variations of the forward pass and some trick plays.

Newark will present the strongest line-up yet offered. Several new candidates, impressed with the success of the Fitzsimmons team, have applied for positions. The team will practice at Sixth and Main streets tonight at 7:30 o'clock.

Cambridge has been scheduled to play here November 8 and add effort is being made to secure a game with the Bates Pirates of Columbus. This team has not been defeated this season. Newark also has a clean record.
